An Out-of-This-World Adventure in Saving Our Planet What would you do if, one day, a friendly being from another planet walked into your life and told you that there were just seven days to save the Earth? That's exactly what happened to 11 year old Enny and her best friend Tomee. With the light on Earth growing dim and no one seeming to notice, Enny, Tomee and their new friend embark on a summer-break journey no one will ever forget. It takes them across their small home town to outer space and back again. As they try to solve the mystery, they learn a lot about our planet and its people. Can they get to the heart of the matter in time? Will the surprising discovery they make be enough? What will you do once you know what Enny and Tomee know? If you have ever wanted to change the world, this book is for you. Encoded within the book is a simple seven step process to create change. How many hidden messages can you find? Children and adults alike will enjoy exploring the timeless message found in this exciting adventure that is Planet Heart.
