

## Head-case

As a preliminary note, this story was inspired by an article titled, How to Perform a Head Transplant (The Atlantic, July 5, 2013, James Hamblin) With that starting point, it can only get awesome. The setup: Jess was beautiful, smart, and fun. But she was also infuriating and awful in a good number of ways. And Kyle, her boyfriend, had often thought as most of us have at one point or another, If only she did not do these few infuriating and awful things, then we could be in love and not hate each other. Luckily for him, there existed a doctor that specialized in experimental procedures of dubious ethicality. To clarify what is meant by dubious ethicality, I refer you to the head transplant article mentioned earlier.
