

Yellow Star - Revised Edition: A Novel

Behind her the towering rock Mateo Tepee gigantic size dwarfed the hilly countryside making her feel insignificant in this vast land. Before her like a gateway a bright rainbow arched over the meandering Belle Fourche River opening the Great Plains to view. Spouting with new green life the plains rolled out before her as far as she could see until they blended with the blue sky. The beauty hastened her heartbeat; the hidden hazards weakened her knees. Did she have the ability to survive crossing the Great Plains?
