

First Date: Leather & Lace Series Book 2

No panties. My God, I am going to be walking into a crowded restaurant in just a few minutes and I don't have any underwear on! I could feel the warm leather of the car seat more keenly now that my mind was on that part of my anatomy. I looked down at my lap, self-consciously pulling my dress downward. Thank the Lord that I wasn't wearing one of my micro minis; at least this dress covered me to mid-thigh. Standing it fell to mid-way between crotch and knee, of course when I'm seated it rides up a good three or four inches. Saga continues! The story of a well-bred young lady that slowly begins to learn that her desire is to be a submissive. The story opens as she starts work as a temporary assistant at Leather & Lace, a firm that specializes in bondage accessories and lingerie. The unworldly, innocent Sharon is startled to realize she wants her boss and, despite his enigmatic reserve, finds she is desperate to get close to him.
