

## A teenagers diary - could be yours: A compilation of 101 emotions of a teenager

Like any teenager I too have had many dreams. I wanted to experience this world, experience everything. This set of poems is a book, a diary of any teenager who experienced few things and wanted to experience more. There are many people who come and go. Some become special and some break your heart. There are those whom you love. There are those who love you. There are those who don't care about you, but it doesn't hurt much..... There are others who do not know me, nor do I know them, but mere noticing them pulled a string in my heart. Each one who crossed my path left an impact. Hope you enjoy the journey of varying sentiments of a person at different points of time and the penned version of some lessons taught to me by life.
