

Digital Forensic Diaries: Racing For Answers

Digital forensics is one of the most exciting and challenging areas of the modern day information security field. The Digital Forensics Diaries allow you to follow a digital forensics investigator through the half scientific, half artistic process that leads to cracking cases without any physical evidence. Based on the authors real world experiences, the diaries tell fictionalised versions of security incidents and subsequent investigations. A must read for anyone interested in computer security or the digital forensics field. In this episode our investigator works with a world renowned motor racing team to investigate potential sabotage from within. Could a malicious insider be damaging their cars, costing them races and millions of dollars in prize money? The team, unable to find physical evidence of sabotage, turn to Parker Foss and his trusty digital forensics kit to look for a signs that someone isnt being a team player.
