

The Devils Party: Who Killed the Sixties?

The Devils Party follows Jason, an intellectual tenderfoot, and Lennie, a charismatic and tortured literary phenomenon, as they finish their Bachelors degrees in Manitoba and begin graduate school at the University of Toronto. Driven by the works of William Blake and mentored by intellectual heavy-weights Northrop Frye and Marshall McLuhan, the pair dive into the rabbit hole of scholastic passions and set out to wrestle with the ruling elite and rattle the mind-forged manacles of the complacent majority. Their stories echo a culture stepping away from the quiescent 1950s towards the turbulent and dramatic 60s, and together they wrestle with the birth of new ideas and the burden of knowledge that threatens to consume them.
