Morals, Court and Town LifeTravel:Little Travels and Roadside SketchesNotes of a Journey From Cornhill to Grand CairoThe Irish Sketch-BookThe Paris Sketch BookABOUT THE AUTHORDuring the Victorian era, Thackeray was ranked second only to Charles Dickens, but he is now much less read and is known almost exclusively for Vanity Fair. In that novel he was able to satirise whole swaths of humanity while retaining a light touch. It also features his most memorable character, the engagingly roguish Becky Sharp. As a result, unlike Thackerays other novels, it remains popular with the general reading public; it is a standard fixture in university courses and has been repeatedly adapted for movies and television.In Thackerays own day, some commentators, such as Anthony Trollope, ranked his History of Henry Esmond as his greatest work, perhaps because it expressed Victorian values of duty and earnestness, as did some of his other later novels. It is perhaps for this reason that they have not survived as well as Vanity Fair, which satirises those values.Thackeray saw himself as writing in the realistic tradition and distinguished himself from the exaggerations and sentimentality of Dickens. Some later commentators have accepted this self-evaluation and seen him as a realist, but others note his inclination to use eighteenth-century narrative techniques, such as digressions and talking to the reader, and argue that through them he frequently disrupts the illusion of reality. The school of Henry James, with its emphasis on maintaining that illusion, marked a break with Thackerays techniques.
