

The Swedish God

The complete title of this book is The Swedish God ALLA (EVERYBODY) and Her Prophets the JANTEMENA - About the Nanny-State of the Nobel Prize . It is a satirical essay about the Swedish people, the Swedish lifestyle and the country s ambition to build, and enjoy (?), the most egalitarian society in the world. The author, Biro, is a professionally trained observer (medical scientist) with a lot of healthy humor. He provides a very entertaining description of the Nordic human phenotype, the characteristics of their body and behavior. The Swedish phenotype (blue eyes, blond hair, well-formed healthy body, tall elegant stature, elongated face, open honest sight) comprises typical bodily characteristics of the Arian ideal. Bur what about the stupidity of the blond and the naivety of the blue eyed? Biro is not shy to tell you the truth (honestly and politely) behind the arianity and stupidity of he Swedish blue-eyed blondes. We learn that the Swedes developed their own religion, the adoration of ALLA. Please do not confuse this with ALLAH, which is the Arabic name for God and has nothing to do with this new and breathtaking religion. ALLA is the Swedish word for EVERYBODY and refers to two religious concepts and personal faiths: First Alla, Tillsammans (Everybody Altogether) and second Alla Skall Ha (Everybody Should Have). This religion occupies all places in the Swedish heart and all nerves in the Swedish brain. ALLA has her own commandments, known as the Jante Laws . The Jante Laws express by ten different ways that you, as an individual, are a NOBODY, without any value. These and similar collectivistic laws provide the ideological foundation of socialistic and communistic societies. ALLA s Jante Laws are spread and enforced by ALLA s priests, the JANTEMENA. Sweden and the Swesh provide an extreme and unique example of

collectivistic living and thinking which has obviously been inspired by Marx. The European socialism is similar but much milder than the Swedish one. We Americans elected Obama to president of the USA and he pushes this country to left, toward the European and oh my goodness toward the Swedish model. It became a real concern, for many of us, how much is the risk (or chance?) that USA develops into a collectivistic society. Biro gives a clear, intelligent and realistic answer to this life-changing question.
