

The Man In The Rain (The Antithesis Adventures Book 1)

Mondu, once an AI designer at the top of the Nigerian IT industry, needed to escape from a life that was eating him alive. He found refuge as a shopkeeper in the depths of the Amazon, at a unique resort. Its a preserve for all forms of Amazon life--reptiles, mammals, and human and material culture. No modern technology allowed. In a world of dictators and perpetual surveillance, it is one place where a man can disappear--and Mondu isnt the only one who knows it. When the tourist traffic is driven out by torrential rains, only the businessmen and the scientists remain--until the day when a man walks into Mondus shop. He wants to disappear--and the Yakuza are hot on his tail.
