

Dragon Song: Prophecies of Dragons, Serpents and Men (Dragons and Visions) (Volume 2)

Pat Ferguson, having read the book his Aunt Gaby discovered as a child, delves deeper into the inner experience, meeting more dragons and finding more of Einarrs story. Learn how Einarr travels further East and how the ring and pendant were made. Follow Pat and the growing family as they face a new danger and find dragons walking among them. Visions from the Inside play an even greater role in this sequel to Book 1, Pursuit. Much becomes clear which was left a mystery in Book 1. But more mysteries emerge. Pat loses something precious and his future takes an unexpected turn. What part do the new characters play, and what relevance does the greater global conflict, which has been going on for eons, play in the life of the protagonists? The Dragons and Visions series presents an exciting adventure in Visionary-Metaphysical fiction where the Inside, the inner realm of the sub-conscience, and the In Between, a mysterious realm of the dead, are explored by the characters. Could this be the true source of wisdom? Although Dragon Song can be read on its own, it is highly recommended to read Book 1, Pursuit, in the series first.
